2022

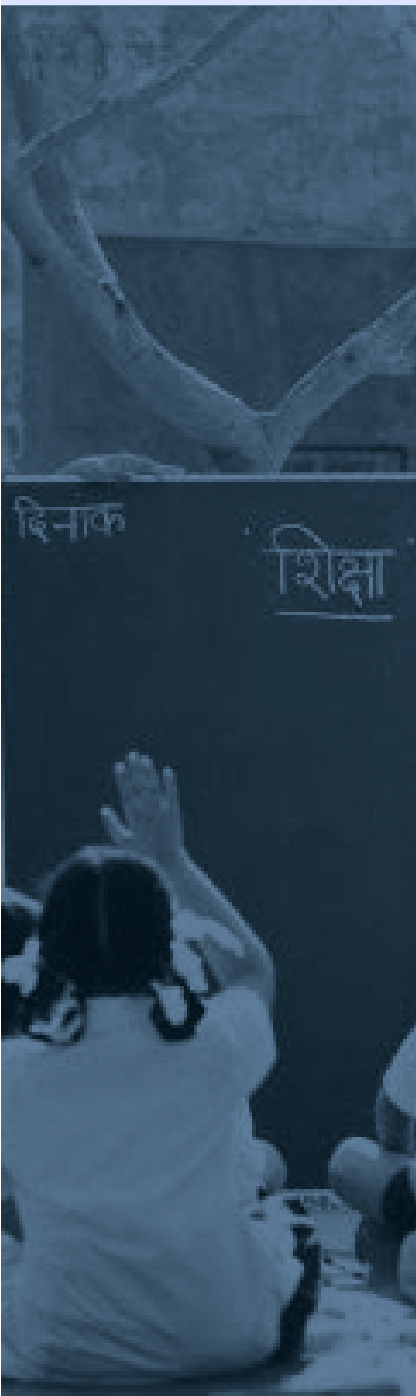

# ABOUT US

The S R Dalvi (I) Foundation, a not-for-profit organisation, is established by Smt. Seeta Ramachandraa Dalvi and her husband Ramachandraa Dalvi, as a gratitude to all teachers who play an important part in our formative years and even later.

## OUR STORY

Today, S R Dalvi (I) Foundation is working on two well defined agenda – Teacher Empowerment and Teacher Welfare. The objectives of the foundation are centered around enhancing the socio-economic status of teachers by incorporating rewards, incentives and newer opportunity for them to reap deserving rewards in their years ahead. Through its various initiatives, the foundation has started building a community of passionate teachers, and equipping them with necessary tools and means that will enable them to cultivate a generation of highly motivated knowledge seekers and talented students. The ongoing programs include extended opportunities that offer continuous professional development of teachers in sync with the rapid transition to digitization.

In short span of few months, the foundation has reached out to more than ten thousand teachers, has developed app for teachers and conducted various upskilling programs. The founders of the foundation, Smt. Seeta Dalvi and Shri Ramchandraa Dalvi, strongly believes that education is the best and sustainable route to change India. And teachers are the best change-angels who can influence, motivate and encourage the future generation. Even as they go about setting up and refining their systems, the founders along with Dr. Nayan Bheda agree on one thought that is their driving force – God has given them enough and they now need to pass it on!

## OUR CORE VALUES

Teacher Empowerment

Teacher Welfare

## OUR VISION

Our vision is to establish teaching as noble profession and recognize teachers as valuable change angels who play vital role in building character of gen next leading to nation building

## OUR MISSION

Our mission is to build a community of passionate teachers, empower them with a platform to share knowledge with their fellow teachers. To bring collective socio economic benefots to teachers. To interface with education institutes and empower them with digital technologies

## FOUNDER'S NOTE

Teachers are professionals that  
creates all other professions

– Mrs. Seeta Dalvi | Founding Trustee

## FOUNDER'S NOTE

Teachers receive same respect as  
any other professionals like Doctors,
