Education + Environment

ABOUT S R DALVI (I) FOUNDATION

The S R Dalvi (I) Foundation, a not-for-profit organization, is established by Smt. Seeta Ramachandras Dalvi as a gratitude to two pillars of our society: education and the environment. With a vision for a sustainable and enlightened future, our foundation focuses on empowering teachers and fostering environmental consciousness among learners.

OUR VISION

The vision of the S.R. Dalvi (I) foundation is to transform education into a powerful tool for environmental awareness and action. We aspire to empower teachers with the knowledge, tools, and resources to cultivate environmentally conscious citizens, fostering a sustainable future where the environment is protected and cherished through education.

OUR MISSION

The mission of the S R Dalvi Foundation revolves around empowering teachers and championing environmental conservation. By investing in the development of teachers and advocating for sustainable practices, the foundation is actively working towards creating a better future. Joining hands with the S R Dalvi Foundation means contributing to positive change and making a lasting impact on society and the environment.

OUR STORY

As the world struggles with challenges posed by pandemic, a philanthropic couple is wondering how they can help and ease the pain of others. "Where to start from?" was the question. Smt. Seeta Dalvi have been teacher in a secondary school for fifteen years and has seen the life of teacher very closely. The answer came from there. During lockdown, many teachers went out of the way to ensure the continuity of student's education. The challenges faced by teachers were not less. Overnight transition from classroom teaching to digital class was itself a challenge. Lack of laptops or high-end smart phones and Network issues were other challenges. And yet many teachers did what they do best. Keep the education flowing!

As the country started limping back to normalcy, doctors and front-line workers were showered with praises and recognition. This triggered the thought that why not teachers who also got out of their comfort zone and braved themselves to continue teaching the students ensuring they do not lose a year to lockdown.

The writing was on the wall. The Dalvis formed an organization, S R Dalvi (I) Foundation, a not-for-profit organisation to bring recognition and respect to teacher's community. The Dalvis are acutely aware of the fact that the teaching industry does not get the same attention that other professions get. They decide to do something about the problem through their foundation. What started as a simple idea slowly began to take a meaningful shape.

Today, S R Dalvi (I) Foundation is working on two well defined agenda.

Through its diverse initiatives, the foundation is nurturing a community of dedicated teachers while also fostering a deep sense of commitment to nature conservation. It provides these educators with the essential tools and resources, enabling them to inspire and educate a generation of enthusiastic learners and talented students.

The ongoing programs extend opportunities for continuous professional development in alignment with the evolving digital landscape, all while instilling a profound appreciation for the importance of preserving our natural world."

The founders of the foundation, Smt. Seeta Dalvi and Shri Ramchandraa Dalvi, strongly believe that education is the best and sustainable route to drive positive change in India, both in terms of societal progress and environmental stewardship.

They recognize teachers as the best change-angels who possess the capacity to not only influence, motivate, and encourage the future generation but also instill a profound appreciation for the environment, fostering a generation of eco-conscious citizens.

ABOUT THE FOUNDER

Seeta Dalvi has graduated in Arts and holds Diploma in Education. She has spent 12 years of her career as teacher in secondary school before joining her husband's business. Being an hands-on entrepreneur, she ensured the growth of their HR business manifold, acquiring many corporate clients and government projects. Though giving full attention to the flourishing business, her heart remained in education sector. Covid was a turning point when she could spend some time setting up new goals for herself. Believing that Teachers are Nation builders, she decided to establish a NGO with objective of empowering teachers who in turn empower our next generation. In less than 2 years, her NGO has touch based over 60,000 teachers in Maharashtra, conducted over 100 programs for them including Digital Literacy Course with certification from Nehru Science Center, Ministry of Culture, Govt of India.

MRS. SEETA DALVI

MR. RAMACHANDRAA DALVI

Teaching is one of the most important professions in the world. Teachers are the unsung heroes of our society. They are the ones who shape the future of our children and our country. They are the ones who inspire and motivate our children to learn and grow. Teaching is a challenging profession and teachers deserve our gratitude and our admiration. That's what we aim to provide through our foundation

पर्यावरणपूरक गणेशोत्सव

गणेशभक्तांना आवाहन...

आपले भारतीय सण-उत्सव हे पर्यावरणाचे रक्षण करण्यासाठी असतात. पर्यावरणाचे जतन आणि संवर्धन करणे हाच त्यांचा मूळ हेतू असतो.. आपणास नम्र आवाहन येदाही गणेश उत्सवात आपण पर्यावरणाचे संवर्धन करूया..

- ▶ आपल्या घरी पर्यावरणपूरक गणेशमूर्तीची स्थापना करावी, शक्यतो शाहूच्या मातीची मूर्ती ठेवावी.
- ▶ गणेश मिरवणूकीत डी.जे. चा कर्णकर्कस आवाज टाळावा. त्याऐवजी मिरवणूक काढताना टाळ मृदंग अभंग ऋग्वेद साप्ताचे आगमन किंवा विसर्जन करावे.
- ▶ सजावटीसाठी प्लॅस्टिकचा, धमोकोल बापर टाळावा.
- ▶ गणेश विसर्जनांतर निर्मात्य देखील नदीत न सोडता एक खड्डा खणून त्यामध्ये हे निर्मात्य पुसू शकता. यामध्ये फुले, दुर्वा असे नैसर्गिक घटक असल्याने त्याचे चांगले खत बनू शकते.
- ▶ गणपतीच्या मुर्त्या नदी, तलावात विसर्जित करून संपूर्ण जलस्रोत दुषित करण्याऐवजी विसर्जनासाठी तापूरते होद बनवा किंवा घरगुती गणपती बादलीत देखील विसर्जित केले तरी घातलात.
- ▶ सांस्कृतिक उपक्रमांसोबत आरोग्यविषयक किंवा पर्यावरण जनजागृती करणारे कार्यक्रम राबवावेत.
- ▶ मंडप किंवा घरातील आरास करताना बापरलेले लाईट्स फक्त पूर्वेच्या आणि आरतीच्या वेळीच लावा. गरज असेल तेव्हाच लावा. विजेची बचत करा.
- ▶ या गणेश चतुर्थीला प्लास्टिक बापरबाबर आपण स्वयंस्फूर्तीने पूर्णतः बंदी घातली पाहिजे. घासाठी इतरांनीही उद्युक्त करा आणि स्वतःही अंगलात आणा.

श्री गणेशायै स्वागत करूया
पर्यावरण पूरक उत्सवाची कामे धरूया !
