Education x Enviornmentment

ABOUT S R DALVI (I) FOUNDATION

The S R Dalvi (I) Foundation, a not-for-profit organization, is established by Smt. Seeta Ramachandraa Dalvi as a gratitude to two pillars of our society: education and environment. With a vision of a sustainable and enlightened future, our foundation focuses on empowering teachers and fostering environmental consciousness among learners.

OUR VISION

The vision of S.R. Dalvi (I) foundation is to transform education into a powerful tool for environmental awareness and action. We aspire to empower teachers with the knowledge, tools, and resources to cultivate environmentally conscious citizens, fostering a sustainable future where the environment is protected and cherished through education.

OUR MISSION

The mission of S R Dalvi Foundation revolves around empowering teachers and championing environmental conservation. By investing in the development of teachers and advocating for sustainable practices, the foundation is actively working towards creating a better future. Joining hands with S R Dalvi Foundation means contributing to positive change and making a lasting impact on society and the environment.

OUR STORY

As the world struggles with challenges posed by pandemic, a philanthropic couple is wondering how they can help and ease the pain of others. "Where to start from?" was the question. Smt. Seeta Dalvi has been a teacher in a secondary school for fifteen years and has seen the life of a teacher very closely. The answer came from there. During lockdown, many teachers went out of the way to ensure the continuity of student's education. The challenges faced by teachers were not less. Overnight transition from classroom teaching to digital class was itself a challenge. Lack of laptops or high-end smart phones and Network issues were other challenges. And yet many teachers did what they do best, Keep the education flowing!

As the country started limping back to normalcy, doctors and front-line workers were showered with praises and recognition. This triggered the thought that why not teachers who also got out of their comfort zone and braved themselves to continue teaching the students ensuring they do not lose a year to lockdown.

The writing was on the wall. The Dalvis formed an organization, S R Dalvi (I) Foundation, a not-for-profit organisation to bring recognition and respect to teacher's community.

The Dalvis are acutely aware of the fact that the teaching industry does not get the same attention that other professions get. They decided to do something about the problem through their foundation. What started as a simple idea slowly began to take a meaningful shape.

Today, S R Dalvi (I) Foundation is working for two well defined goals.

Through its diverse initiatives, the foundation is nurturing a community of dedicated teachers while also fostering a deep sense of commitment to nature conservation. It provides these educators with the essential tools and resources, enabling them to inspire and educate a generation of enthusiastic learners and talented students.

The ongoing programs extend opportunities for continuous professional development in alignment with the evolving digital landscape, all while instilling a profound appreciation for the importance of preserving our natural world."

The founders Smt. Seeta Dalvi and Shri Ramchandras Dalvi, strongly believe that education is the best and sustainable route to drive positive change in India, both in terms of societal progress and environmental stewardship.

They recognize teachers as the best change-angels who possess the capacity to not only influence, motivate, and encourage the future generation but also instill a profound appreciation for the environment, fostering a generation of eco-conscious citizens.

ABOUT THE FOUNDER

Seeta Dalvi has graduated in Arts and holds Diploma in Education. She has spent 15 years of her career as teacher in secondary school before joining her husband's business. Being a hands-on entrepreneur, she ensured manifold growth of their HR business, acquiring many corporate clients and government projects. Though she was giving full attention to the flourishing business, her heart remained in education sector. Covid was a turning point when she could spend some time setting up new goals for herself. Believing that Teachers are Nation builders, she decided to establish an NGO with the objective of empowering teachers who in turn empower our next generation. In less than 3 years, her NGO has touch based with over 60,000 teachers in Maharashtra, conducted over 100 programs for them including Digital Literacy Course with certification from Nehru Science Center, Ministry of Culture, Govt of India.

MRS. SEETA DALVI

MR. RAMACHANDRAA DALVI

Teaching is one of the most important professions in the world. Teachers are the unsung heroes of our society. They are the ones who shape the future of our children and our country. They are the ones who inspire and motivate our children to learn and grow. Teaching is a challenging profession and teachers deserve our gratitude and our admiration. That's what we aim to provide through our foundation.

The slide features a header with the Indian national flag's saffron, white, and green horizontal stripes. On the left, there is a large blue wheel with white spokes, resembling the Ashoka Chakra. On the right, the text 'NEP 2020' is displayed in a large, bold, black serif font. Below this, the title 'Key Points' is centered in a bold, black sans-serif font. A list of five bullet points follows, each preceded by a black dot. To the left of the list is a portrait of a man with dark hair and a mustache, wearing a white shirt. Below the portrait, the text 'Tr. Vinodd Nayak' is written in a bold, black sans-serif font, followed by 'Certified Quality and Counseling Professional' in a smaller, regular sans-serif font, and 'Speaker' in a bold, italicized sans-serif font. At the bottom right, there is a clock icon with the time '5:30 to 7:30 pm' next to it, and a calendar icon with the date 'Friday 19 May 2023' next to it.

NEP
2020

Key Points

- How NEP/2020 will impact teachers
- Changing Role of Teachers
- Adoption of Technology in Education
- Reskilling & Upskill for teachers
- Greater Autonomy for Teachers
